

# 50kw off-grid wind-solar hybrid power generation system equipment

# **Overview**

Blue Pacific Solar has a range of stand-alone hybrid energy systems available, each of which includes a standard Primus wind generator with a built-in charge controller, a pre-built power center, and a varyin.

# 50kw off-grid wind-solar hybrid power generation system equipmer

# How Does A Wind Solar Hybrid System Work?

A wind-solar hybrid system is an application system for generating and supplying electricity, which refers to the co-generation of electricity by two types of power generation equipment, namely a ...
