

5G base station power market

Overview

What is the global 5G base station market size?

The global 5G base station market size was estimated at USD 33,472.5 million in 2023 and is projected to reach USD 253,624.3 million by 2030, growing at a CAGR of 33.5% from 2024 to 2030. The surging demand for high-speed connectivity is a significant factor driving the growth of the 5G base station market.

Which segment dominates the 5G base station market in 2024?

The industrial segment maintains its dominance in the global 5G base station market, commanding approximately 27% market share in 2024. This significant market position is driven by the accelerating adoption of Industry 4.0 initiatives and the growing integration of IoT devices in manufacturing facilities.

What is the fastest growing segment in 5G base station market?

The 5G macro cell segment is emerging as the fastest-growing segment in the 5G base station market, projected to grow at approximately 40% during the forecast period 2024-2029.

Who are 5G base stations suppliers?

Suppliers of 5G base stations were benefited from the rapid development of 5G technology. Huawei, Ericsson, Nokia, ZTE, and Samsung are among the world's leading suppliers. In 2024, these five vendors control almost 96.12 % of the global market. China has installed around 12 times as many 5G base stations as the United States.

How many 5G base stations are there in China?

The market is witnessing significant developments in base station technology and deployment strategies. By September 2023, China had built 3.189 million 5G base stations, with 22.6 5G stations per 10,000 people, demonstrating the

scale of infrastructure deployment possible.

What is Europe's 5G base station growth rate?

Europe has demonstrated remarkable progress in 5G base station deployment, with a substantial growth rate of approximately 38% from 2019 to 2024. The region's market development is characterized by strong governmental support and strategic initiatives across multiple countries, particularly in the United Kingdom, Germany, France, and Italy.
