

Angola photovoltaic power station inverter

Overview

What is the Angola solar project?

The Angola Solar Project creates new opportunities for Angolan communities that will no longer be forced to rely on and pay for gasoline or diesel generators. Each one of the five projects that comprises the Angola Solar Project will supply the needs of 500,000 Angolan homes, mainly in rural areas.

How many homes will a solar project supply in Angola?

Each one of the five projects that comprises the Angola Solar Project will supply the needs of 500,000 Angolan homes, mainly in rural areas. Sun Africa was awarded the prestigious "ECA/DFI-backed deal of the year" by "TXF Perfect 10" for Sun Africa's 370 MW solar PV project in Angola.

Who backed Sun Africa's 370 MW solar PV project in Angola?

Sun Africa was awarded the prestigious "ECA/DFI-backed deal of the year" by "TXF Perfect 10" for Sun Africa's 370 MW solar PV project in Angola. Sun Africa initiated this project, developed it, and arranged long-term financing. At 188.88 MWdc, the Biopio site in Benguela is the largest single solar PV project in Sub-Saharan Africa.

How will a new solar system impact Angola?

The positive impacts of the new solar system extend beyond the project itself. Although the Angolan network used to receive clean hydropower earlier, the solar transition will enable the network to rely less heavily on Cambambe and other hydropower plants.
