

Argentina Thermal Power Energy Storage Project

Overview

The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the Buenos Aires Metropolitan Area (AMBA) grid. In a strong show of interest, 15 companies submitted 27 different project proposals.

Argentina Thermal Power Energy Storage Project

Argentina's first energy storage tender receives 1,347 MW of bids

The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the Buenos Aires Metropolitan Area (AMBA) grid.
