

Construction of photovoltaic power generation system for communication base station in Iraq

Overview

In this paper, a stand-alone PVsystem was designed and simulated to supply a base transceiver station (BTS) in Iraq. A BTS in Jadriyah, Baghdad with 4.177 kW load power belong to Zain Telecommunication Company was taken as a case study in this paper.

Construction of photovoltaic power generation system for communi

Telecom Base Station PV Power Generation System Solution

The communication base station installs solar panels outdoors, and adds MPPT solar controllers and other equipment in the computer room. The power generated by solar energy is used by ...
