

French new energy storage quotation

Overview

Is totalenergies the biggest battery storage project in France?

The energy major has 103MW of capacity market contracted energy storage online or coming online in France. Interestingly however, despite presiding over the single biggest project in the country, TotalEnergies sits second in Clean Horizon's chart of France's most prolific (publicly announced) battery storage project owners and developers.

What is Lancey energy storage?

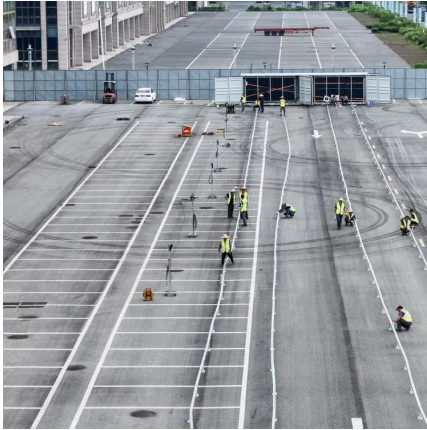

LANCEY Energy Storage provides easy-to-install solutions that enhance energy efficiency and comply with the 2020 Energy Regulation (RE2020). Their integrated battery systems optimize energy consumption during off-peak hours, reducing carbon footprints and electricity bills.

Can energy storage be used as a virtual transmission asset?

Transmission operator RTE has already engaged in some trial activities through which storage is being deployed in continental France. One is Project Ringo, which gauges the effectiveness of energy storage as a virtual transmission asset.
