

Huawei Serbia photovoltaic module project

Overview

Does Serbia have a solar project?

The contract is the latest in a line of solar projects backed by Serbia's Ministry of Mining and Energy this year, which includes plans for a 1 GW solar panel factory and another 500 MW of solar. Figures from the International Renewable Energy Agency state Serbia had deployed a total 137 MW of solar by the end of last year.

Who is the best bidder for a photovoltaic project in Serbia?

The Government of Serbia selected the consortium established by Hyundai Engineering, Hyundai ENG America and UGT Renewables as the best bidder in the public call for a strategic partner for the construction of photovoltaic facilities.

How many MW of battery storage will be developed in Serbia?

Up to 200 MW of battery storage will be developed across the sites. Image: Ministry of Mining and Energy, Tanjug Plans for 1 GW of new solar in Serbia are set to go ahead after the signing of an implementation agreement.

Is Serbia ready for a green energy-secure future?

With this initiative, Serbia takes a significant leap toward a green, energy-secure future. This project not only advances Serbia's renewable energy goals but also opens doors for partners ready to support the country's sustainable energy vision.
