

Iceland rooftop photovoltaic panel manufacturer

Overview

What is a fully integrated solar roof?

That's a promise. Our fully integrated solar roof is optimized for the aesthetical design of the whole house. The sleek vertical lines of a classy black roof will give your house an aesthetic look and blend in seamlessly with any neighborhood. Cutting-edge solar cells are integrated directly into high-quality metal sheets.

Is roofit solar a sustainable design?

Roofit.Solar was recognized in the “Sustainable Design” category for its standing seam solar roof, Velario® Slim. 25. March, 2025 Prince William of the United Kingdom met with representatives of the Estonian Green Technology Association to learn about Estonia’s innovative solutions in the field of green technology. 4. March, 2025.

Is a solar roof a good alternative to a conventional roof?

Solar roof is a great alternative to conventional roof and as source of energy. In the long run, the price of a solar roof is even cheaper than a regular roof because my roof generates electricity over time.
