

Indonesia pack battery factory

Overview

Where is Indonesia's first EV battery factory located?

Indonesia, renowned for its vast nickel reserves, has inaugurated Southeast Asia's first EV battery manufacturing plant in Karawang, West Java. HLI Green Power, a joint venture between Indonesia Battery Corporation, Hyundai Motor and LG Energy Solution, owns this state-of-the-art facility. Indonesian President Joko Widodo.

Does Hyundai have a battery plant in Indonesia?

The battery plant integrates with Hyundai's auto factory, which plans to produce 50,000 units of the Kona Electric SUV per year using Indonesian-made batteries. Hyundai and LG Energy Solution are preparing for the second phase of the battery plant, which involves an additional US\$2bn investment to increase capacity by another 20 GWh.

How will Greenway develop a lithium battery factory in Indonesia?

In terms of technological capabilities, Greenway will inject its globally leading lithium battery technology and PACK production expertise into the Indonesia factory. Using this as a starting point, the company aims to gradually achieve localized production of battery cells.

Will Rept battero invest in a new battery production facility in Indonesia?

Hong Kong-listed REPT Battero has announced plans to invest in a new battery production facility in Indonesia. The company board approved the investment on Jan. 10, with operations to be handled by its Indonesian subsidiary.

Why is Indonesia launching its first EV battery plant?

The launch of the country's first battery plant on Wednesday is part of Indonesia's push to move up the global EV supply chain. Indonesia has the world's largest reserves of nickel, a crucial component in EV batteries and steelmaking.

Why is Indonesia a leader in the lithium battery industry?

In 2024, Indonesia stands at the forefront of the rapidly evolving lithium battery industry, catalyzed by its significant reserves of raw materials essential for battery production and a growing focus on renewable energy sources. As Southeast Asia's largest economy, Indonesia has strategically positioned itself as a
