

# Malidi Energy Storage Power Station

# **Overview**

The power station is located in , , at the , approximately 116 kilometres (72 mi) by road north of , the nearest large city. This is approximately 497 kilometres (309 mi), by road, sout.

The power station was developed by a of comprising the following corporations: (a) (b) Globeleq (c) Africa Energy Development Corporation (AEDC), th.

The construction of the solar power plant is budgeted at US\$66 million, with US\$50 million sourced from the CDC Group and US\$16 million sourced from Globeleq. It was expected that the power station would come onlin.

• As of 8 February 2018. • As of 7 June 2019.
