

Moldova three-phase inverter brand ranking

Overview

What are the most popular microinverters available in Australia?

Below is our detailed comparison of the most popular microinverters available in the Australian, European, Asian and US markets. Enphase Energy and APsystems are the most well-known microinverter manufacturers, while ZJBeny, Hoymiles & ZJ Beny recently entered the increasingly competitive market.

Which inverter companies are leading the market growth in 2023?

Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume. Sungrow and Huawei tied for first place in the list with outstanding performance.

Who makes the best string inverter?

German manufacturer SMA Solar Technologies was widely regarded as the best string inverter manufacturer before the Fronius snap-in series took the top spot in 2016. However, the new Sunny Boy AV series regained some market share after SMA relocated all manufacturing back to Germany in 2019.

Who makes the best microinverter?

Enphase Energy and APsystems are the most well-known microinverter manufacturers, while ZJBeny, Hoymiles & ZJ Beny recently entered the increasingly competitive market. The latest models added in 2024 are the new 3-phase IQ8-3P series from Enphase, the new SAJ M2 Series, and the NEO 2000M-X quad micro from Growatt.

Is Goodwe the world's 4th largest supplier of three-phase inverters?

The good news to share today is that, according to the PV Inverter Market Tracker recently released by IHS, GoodWe has become the world's 4th largest

supplier of three-phase inverters for use on Commercial and Industrial (C & I) applications.

Why is goodwe a global leader in three-phase string inverters?

Last year the company shipped more than 2GW of three-phase string inverters, allowing for a significant rise in the world ranking. The expansion of GoodWe in this sector has been particularly visible across large strategic markets, such as India, where in just a few years the company has almost tripled its shipments.
