

# Nordic energy storage lithium battery company

## Overview

---

Who is Nordic batteries?

Nordic Batteries is a company that assemble and custom lithium battery and energy storage solutions. With market and technical expertise, it provides solutions that drive the green transition in key industries such as marine and demanding industrial applications.

What products does Nordic batteries offer?

Nordic Batteries' technology portfolio centers on two main product lines: ePOWER and eENERGY modules. The ePOWER series delivers high-power output for demanding industrial applications, while the eENERGY modules provide extended duration energy storage capabilities.

What makes Nordic batteries a sustainable brand?

Nordic Batteries also emphasizes sustainability in their production methods, using renewable energy sources throughout their manufacturing processes. Their battery designs consider the complete lifecycle, including potential second-life applications and eventual recycling, supporting circular economy principles.

What is the Nordic battery collaboration?

In the Nordic region, Finland, Norway and Sweden are combining their collective strengths in the battery value chain through the Nordic Battery Collaboration. As a battery region, the Nordics have become a notable actor in the broader European battery market.

Who invested in Nordic batteries?

Nordic Batteries has received substantial investment from several Norwegian entities. Kongsberg Innovation, through its Pre-Så Korn Fond, provides significant financial backing and technical support. Vardar AS, an energy group owned by former Buskerud county municipalities, has invested in the

company.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.
