

PD 60W Inverter

Overview

What is a car power inverter?

Power Inverter provides 110V pure sine wave output at a frequency of 60Hz. □60W PD USB-C□300W Car Power Inverter with Power 3.0 technology to charge devices in your vehicle. □On-the-Go□Car Power inverter comes with a 3.2-foot detachable Cigarette Lighter Adapter XT60 cable.

Why should you buy a pd60w?

Dual built-in silent cooling fans help to keep the station's temperature safe. □USB-C PD 60W, USB-A QC 18W□PD60W fast charging makes it possible to charge Android and iPhone, tablets, and laptops quickly, more than twice as fast as other standard USB-C output, and ultra-high efficiency in emergencies.

What is a pure sine wave car inverter?

Compared to square waves and modified sine waves, a pure sine wave car inverter provides high-quality AC power, ensuring stable operation. WARNING: California's Proposition 65 E-POLAR Car Pure Sine Wave Power Inverters provide smooth and reliable electricity, making them compatible with sensitive electronics like laptops and medical devices.

How does a power inverter work?

Power Inverter utilizes pure sine wave technology, ensuring a stable power supply for your electronic devices, mitigating potential issues that your electrical appliances might encounter. Power Inverter is engineered with an intelligent cooling fan, ensuring low noise and efficient cooling even during high-load operations.

What is USB-C pd60w QC 18W?

□USB-C PD 60W, USB-A QC 18W□PD60W fast charging makes it possible to charge Android and iPhone, tablets, and laptops quickly, more than twice as fast as other standard USB-C output, and ultra-high efficiency in emergencies.

All USB-A ports are quick-charge 3.0 18W, providing higher efficiency for each device.

Why should you choose a power inverter?

With its multi-port design and efficient energy conversion technology, you won't have to worry about energy competition among your devices. Power Inverter boasts a distinctive 60W USB-C port, enabling rapid charging for your smartphone, tablet, or any other USB-C compatible device—ensuring power always keeps up with your pace.
