

PV plus energy storage plus liquid cooling

Overview

Integrating advanced liquid-cooling heat dissipation technology, compared with the traditional air-cooling system, it can more effectively reduce the working temperature of the energy storage battery and the PCS module, improve the overall operating efficiency and stability of the system, and extend the service life of the battery.

PV plus energy storage plus liquid cooling

Jinko ESS Supplies 40 SunGiga 261kWh Liquid-Cooling Energy Storage

Recently, Jinko ESS has signed an agreement with Shandong Binyou Power Sales Co., Ltd. to deliver 40 units of its SunGiga 261kWh liquid-cooling storage system--totaling ...
