

Photovoltaic inverter shipments in 2025

Overview

Global inverter shipments are expected to increase 7% to reach 570 gigawatts alternating current (GWac), with an uptick in inverter shipments to the European market as inventory levels slowly rebalance, according to the latest forecast for the global inverter market from S&P Global Commodity Insights, the leading independent provider of information, data, analysis, benchmark prices and workflow solutions for the commodities and energy transition markets. How will the PV inverter market grow in 2035?

As per FMI's analysis, the PV inverter will grow at a CAGR of 6.4% and reach USD 3.2 billion by 2035. In 2024, the PV inverter market experienced consistent growth as a result of increasing solar installations in Asia-Pacific (particularly China and India) with government incentives and declining solar panel prices.

How much is the PV inverter generators industry worth in 2025?

The PV inverter generators industry is valued at USD 1.7 billion in 2025. As per FMI's analysis, the PV inverter will grow at a CAGR of 6.4% and reach USD 3.2 billion by 2035.

How big is the PV inverter market?

The PV inverter market size is valued at US\$ 15.33 billion by 2025, from US\$ 42.54 billion in 2032, at a CAGR of 15.7% during the forecast period.

What are the trends in the PV inverter market?

PV Inverter Market Trends Rising demand for storage along with PV systems: The growing demand for battery storage solutions in conjunction with photovoltaic or solar systems is having a substantive impact on the PV Inverter Market.

How will the global inverter market perform in 2025?

Following a challenging 2024, the global inverter market is expected to return

to revenue growth, with total revenue estimated to reach just under \$20 billion in 2025.

What drives the PV inverter market?

The PV inverter market is poised to grow significantly over the next five years, driven by declining prices of solar panels and supportive government policies and regulations around the world. Major drivers for the market include countries mandating renewable energy generation targets and incentives for rooftop solar installations.

Photovoltaic inverter shipments in 2025

Monthly Solar Photovoltaic Module Shipments Report

Table 6. Source and disposition of photovoltaic module shipments U.S. shipments and sales to the original equipment manufacturer (OEM) for resale and export shipments are not published ...
