

Polish lithium energy storage power supply manufacturer

Overview

Where are the largest lithium battery factories in Europe?

In Poland, they established one of the largest lithium battery factories in Europe, located in Biskupice Podgórne. This new factory will help them expand their business and become a major battery supplier for major automotive brands in Europe. Their main products include lithium-ion batteries and energy storage systems.

Where does Lyten manufacture lithium-sulfur batteries?

San Jose, CA & Luxembourg - July 1, 2025 - (BUSINESS WIRE) - Lyten, the supermaterial applications company and global leader in lithium-sulfur batteries, announced today the acquisition of Northvolt's Dwa ESS operations in Gdansk, Poland, a 25,000 square meter (270,000 sq ft) battery energy storage systems (BESS) manufacturing and R&D facility.

Who is a leader in Li-ion battery recycling in Europe?

Recognized as a leader in Li-ion battery recycling in Europe, Royal Bees Recycling exemplifies innovation in sustainable battery solutions. Starion Poland Sp. z o.o. manufactures plastic housings for electric vehicle batteries, investing approximately 55 million Polish zlotys in their facility to support the growing electric mobility market.

Where does POSCO PLSC recycle lithium-ion batteries?

In Bukowice, near Brzeg Dolny, POSCO PLSC operates a lithium-ion battery recycling plant in collaboration with SungEel HiTech. Dedicated to processing waste from battery factories and using Li-ion batteries, POSCO PLSC significantly contributes to sustainable battery production.

Why should you invest in a battery factory in Poland?

Today, Poland emerges as a strategic destination for investment in battery factories, attracting the attention of European companies with a highly

qualified workforce that includes engineers, scientists, and electromobility specialists.

Should energy storage systems be made in Europe?

“The message we are hearing clearly from European customers is that they want energy storage systems manufactured in Europe using locally sourced supply chains free of geopolitical risk. Gdansk, Poland is the perfect location to meet this need for Europe,” added Lars Herlitz, Lyten Chairman and Co-Founder.
