

Price of installing photovoltaic panels on 4 2m2

Overview

How much does solar panel installation cost?

On the high end, solar panel installation can cost over \$40,000. On the low end, it only costs a few thousand. It all depends. Additionally, none of these prices account for incentives like the federal investment tax credit (ITC), which can make your solar system up to 30% more affordable.

How much does it cost to clean solar panels?

Solar panels require very little upkeep. If you're able to clean the solar panels yourself, the only maintenance cost will be the water used to hose them down. If you hire a professional to clean your solar panels, it will cost around \$100 to \$350, on average.

How do I finance my solar panels?

Many top solar companies, like Blue Raven Solar, offer other ways to finance your solar panels, including power purchase agreements (PPAs) or some combination of a solar lease and solar loan. A PPA is similar to a solar lease, only an energy company owns and installs the panels, and you pay for the energy produced.
