

# Requirements for securing lithium battery packs

#### **Overview**

What is the required packing instruction for a lithium battery pack?

The required packing instruction depends on the battery type, quantity, and mode of transportation. The IEC62133 battery pack certification is an international standard for the safety of rechargeable lithium batteries. The latest standard for this certification is IEC62133-2:2017 for lithium battery packs.

Do lithium ion batteries need packaging regulations?

Lithium ion batteries, essential for a multitude of devices and applications, are subject to stringent packaging regulations set by the U.S. Department of Transportation (DOT).

What are the shipping guides for lithium cells & batteries?

For the purposes of this document, the ways to describe and configure packages of lithium cells and batteries, including smaller cells and batteries, are divided between ten distinct, standalone shipping guides. The shipping guides are numbered Guide 01 - Guide 10.

What is a lithium battery guide for shippers?

LITHIUM BATTERY GUIDE FOR SHIPPERS A Compliance Tool for All Modes of Transportation Revised October 2024 WWW.PHMSA.DOT.GOV 2 INTRODUCTION This compliance resource was prepared to assist a shipper to safely package lithium cells and batteries for transport by all modes of transportation according to the latest regulatory requirements.

Do lithium ion batteries need hazard communication?

• Per special provision 181 in § 172.102, a package containing both lithium ion and lithium metal batteries must include hazard communication for both battery types (See Guide 07 for Lithium Metal Battery hazard communication requirements).

What is the ICAO guidance document for lithium ion batteries?

Battery Guidance Document Transport of Lithium Metal, Lithium Ion and Sodium Ion Batteries Revised for the 2025 Regulations Introduction This document is based on the provisions set out in the 2025-2026 Edition of the ICAO Technical Instructions for the Safe Transport of Dangerous Goods by Air (Technical Instructions) and the 66 th
