

Solar power prices in Saint Lucia

Overview

"In Saint Lucia, solar PV prices [average] \$7,000 per kilowatt-hour and consequently most residential PV systems are often in the region of \$20,000 to \$25,000," Pierre said. How much electricity does Saint Lucia have?

Originally, a British colony, Saint Lucia's electricity service is remarkably similar to its past-masters. Saint Lucia's electricity current is 220 volts 50Hz, although a few hotels are 100 volts 60Hz. The majority of Saint Lucia's electricity outlets take the three-pin square plugs.

Is electricity reliable in Saint Lucia?

And while Saint Lucia's electricity service is one of the most reliable in the Caribbean, visitors should still err on the side of caution.
