

# Solar powered mobile base station

### **Overview**

Cellular base stations powered by renewable energy sources such as solar power have emerged as one of the promising solutions to these issues. This article presents an overview of the state-of-the-art in the design and deployment of solar powered cellular base stations.

#### Solar powered mobile base station

Current Scenario, ...

# Solar Powered Cellular Base Stations:

Cellular base stations powered by renewable energy sources such as solar power have emerged as one of the promising solutions to these issues. This article presents an overview of the ...
