

Spanish photovoltaic double-glass module brand

Overview

Who makes BIPV solar panels for Spain?

Hola! Building integrated photovoltaics (BIPV) manufacturer for Spain Metsolar produces unlimited variety of tailored BIPV solar panels for Spain, that are efficient, cost competitive and have exclusive design possibilities.

Are tamesol solar panels made in Spain?

Product Range and Advantage: Tamesol offers a variety of solar panels made in Spain, ranging from monocrystalline to polycrystalline. Their solar panels are known for high efficiency, durability, and optimal performance even in low light conditions.

What certifications do solar panels have in Spain?

Another important certification is the IEC 61730 which deals with the safety of the panel. It ensures the solar panel has been tested for mechanical stress and safety from fire hazards. Additionally, Spain also follows the UNE 206007 IN standard specifically for self-consumption photovoltaic systems.

Can solar panels be used as a facade cladding solution?

From idea to successful BIPV project! Solar panels used on walls can be used as solar facade cladding solution that fits both new facades (for integration) and existing facades for renovation of facade, turning it to energy efficient building solution.
