

Timor-Leste Mobile Energy Storage Power Generation BESS

Overview

Will Timor-Leste's first solar power project integrate with a battery energy storage system?

In a landmark moment for Timor-Leste's energy future, a Power Purchase Agreement (PPA) has been officially signed for the country's first-ever solar power project integrated with a Battery Energy Storage System (BESS).

What is the Timor-Leste solar power project?

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy storage system. This will be the country's first full-scale renewable energy IPP project.

Why should Timor-Leste invest in solar & storage infrastructure?

José added: "The investment in Timor-Leste's solar and storage infrastructure is transformative. It will help reduce dependence on fossil fuels while improving grid stability and energy access across the country". José de Ponte was supported by special counsel Marnie Calli, senior associate Lisa Huynh and solicitor Jeraldine Mow.

Does Timor-Leste rely on imported diesel fuel?

Currently, Timor-Leste relies almost entirely on imported diesel fuel for its power generation, which poses significant challenges in terms of fiscal burden and greenhouse gas emissions.

Who bids for solar IPP project in Timor-Leste?

For Timor-Leste, bidders are typically from legacy countries such as Indonesia, Portugal and People's Republic of China. For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement.

Does Timor-Leste provide backstop guarantee for EDTL obligations?

For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement. Special Investment Agreement, if concluded could allow the winning bidder a leasing of the Site at a concessional rate and other benefits.

Timor-Leste Mobile Energy Storage Power Generation BESS

EDTL, E.P Invitation to Participate in Development of Timor-Leste ...

Electricidade de Timor-Leste Empresa Pública (EDTL, E.P.), Timor-Leste's State-Owned Company in Electricity and Energy Sector, is seeking to award a power purchase ...
