

# US 100MW energy storage power station

### **Overview**

ALBANY — The New York State Public Service Commission (Commission) today confirmed granting the construction and operation of a battery-based energy storage facility with a capacity of up to 100 megawatts (MW) located in Astoria, Queens. The \$132 million facility will be built by East River ESS, LLC.

World's First 100-MW Decentralized-Controlled Energy Storage Station

The 100-megawatt to 200-megawatt-hour independent energy storage station developed by China Huaneng Group Co., Ltd. (China Huaneng) was connected to the power ...
