

Vanuatu Solar Power Station System

Overview

Supported by the U.S. Department of Energy's National Renewable Energy Laboratory (NREL) and the Australian Department of Foreign Affairs and Trade, this initiative has launched a transformative \$75 million solar generation and battery storage project in Vanuatu.

Vanuatu Solar Power Station System

Vanuatu launches country's first-ever community-run solar station ...

This project is aligned to the Government of Vanuatu's National Energy Road Map for increasing the energy access for rural communities in Vanuatu. The installed solar PV system is a stand ...
