Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

How to choose a portable power station for camping?

Setting one up inside a home or workshop means close quarters, and loud models could literally require hearing protection. A portable power station for camping should also be quiet, or else it may disturb the neighbors. Typically, electric and solar power stations make for the quietest generators available.

Should you buy a budget portable power station?

The trade-off for getting a budget portable power station comes from the lower battery capacity, which sits at just 256Wh. So, you won't be able to power most household appliances or anything like that, but it's more than enough to keep smaller devices like your phone and laptop on charge.
