

What types of outdoor power kitchen appliances are there

Overview

What are the different types of outdoor appliances?

For Modular Setups – There are countless combinations of outdoor appliances available to create a self-sufficient backyard entertainment area! Cooking spaces can include any combination of grills, side burners, pizza ovens, griddles, and warming drawers to prepare all types of cuisine and keep them ready to serve.

What appliances do you need for a backyard kitchen?

One appliance that adds a deluxe touch to a backyard kitchen is an outdoor oven that has lots of uses. You can bake, broil, or roast: Anyone with an oven in their outdoor kitchen probably has a model that runs on propane, natural gas, or electricity. Wood-fired ovens are also available.

Which outdoor kitchen appliance should I buy?

Steak and eggs, chili dogs, pasta and more become easy outdoor meals with a cooktop. No more burning the food on the stove while you're outside checking the grill. A dishwasher is a splurgey outdoor kitchen appliance, but it makes cleanup a breeze. If budget isn't an issue, this ASKO outdoor dishwasher is a highly rated choice.

Do outdoor kitchen appliances need storage?

Storage is an often overlooked outdoor kitchen appliance. Despite being equally important to every other component on this list. Think about it for a moment. It simply makes sense to store all of your utensils and grilling supplies in one place. So, let's break down your outdoor kitchen storage options a little further.

What are the different types of outdoor kitchen burners?

There are only two main outdoor kitchen burner options. Both of which are natural gas or propane powered. Side burners are essentially the outdoor

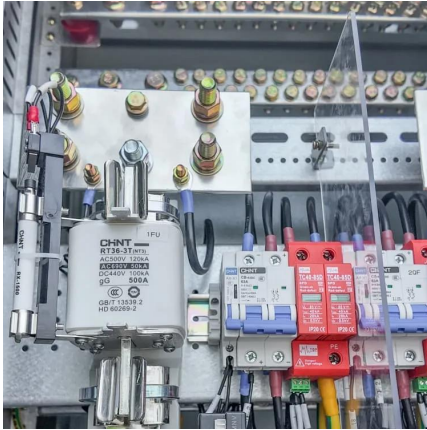

equivalent of your indoor stovetop. They may not put out a ton of heat. But they're still handy for making sauces, reductions, boiling pasta, or sauteing. Power burners are your other option.

Should you have an outdoor kitchen?

An outdoor kitchen gives you a welcome break from cooking your meals indoors. The only thing your backyard grilling space might be missing is enough outdoor kitchen appliances to match the cooking functionality of your indoor kitchen.
